

LEAVING CERTIFICATE

REPEAT LEAVING CERTIFICATE COURSE

COURSE INFORMATION

We are now in our 29th year of this one year Leaving Certificate course. The aim of this course is to provide students with the opportunity to improve their Leaving Certificate results and to give them the maturity to proceed with confidence to Higher Education with the assistance of our Career Guidance, Counselling and Study Programmes.

To date approximately 90% of our students have gone on to Higher Education where they have been successful in progressing to the highest academic and professional levels within their chosen careers.

The majority of results have been excellent. We are pleased to note that over the years some of our students have received both the Department of Education and Skills Award and the Cork Chamber of Commerce Award for the highest mark in the Leaving Certificate Examinations in selected subjects.
